# Synopsys Posts Financial Results for Second Quarter Fiscal Year 2019

#### Q2 2019 Financial Highlights

- Revenue: \$836.2 million

- GAAP earnings per share: \$0.77

- Non-GAAP earnings per share: \$1.16

MOUNTAIN VIEW, Calif., May 22, 2019 /PRNewswire/ -- Synopsys, Inc. (Nasdaq: SNPS) today reported results for its second quarter of fiscal year 2019. Revenue for the second quarter of fiscal 2019 was \$836.2 million, compared to \$776.8 million for the second quarter of fiscal 2018, an increase of approximately 7.6 percent.

"Synopsys delivered an excellent second fiscal quarter, with record revenue and strength across both operating segments. We also continued returning capital to shareholders through an accelerated share repurchase," said Aart de Geus, chairman and co-CEO. "Whereas geopolitical tension has escalated, the overall customer environment for us is quite solid. Investments in sophisticated electronic content and the growing impact of Al in today's connected world are leading to an ever-increasing need for the Silicon to Software solutions that we provide. As a result of our strong first half execution, we are raising the top end of our annual revenue and non-GAAP earnings guidance for the year."

#### GAAP Results

On a generally accepted accounting principles (GAAP) basis, net income for the second quarter of fiscal 2019 was \$118.2 million, or \$0.77 per share, compared to \$102.5 million, or \$0.67 per share, for the second quarter of fiscal 2018.

#### Non-GAAP Results

On a non-GAAP basis, net income for the second quarter of fiscal 2019 was \$178.1 million, or \$1.16 per share, compared to non-GAAP net income of \$165.0 million, or \$1.08 per share, for the second quarter of fiscal 2018.

For a reconciliation between GAAP and non-GAAP results, see "GAAP to Non-GAAP Reconciliation" and the accompanying tables below.

#### **Business Segments**

Effective in fiscal year 2019, Synopsys reports revenue and operating income in two segments: (1) Semiconductor & System Design, which includes EDA tools, IP products, system integration solutions and associated services, and (2) Software Integrity, which includes security and quality solutions for software development across many industries. Further information regarding these segments is provided at the end of this press release.

#### **Financial Targets**

Synopsys also provides its consolidated financial targets for the third quarter and full fiscal year 2019, which do not include any impact of future acquisition-related activities or costs. These targets constitute forward-looking statements and are based on current expectations. For a discussion of factors that could cause actual results to differ materially from these targets, see "Forward-Looking Statements" below.

Our expanded full-year revenue and earnings per share guidance ranges are a result of the recent government action to place certain entities on the "Entity List," restricting the sale of U.S. technology to the named entities. As a result of this government action, we are not able to book new business with one of our customers and its affiliates, and revenue associated with contracts currently in place has been put on hold until either the contract expires, or the restriction is lifted.

Synopsys adopted new revenue recognition requirements under ASC 606, "Revenue from Contracts with Customers," in the first fiscal quarter of 2019 under the modified retrospective method. The cumulative effect of initially applying the new recognition standards was recognized at the date of the adoption. Revenue during the fiscal 2019 transition year is estimated to be approximately \$40 million lower under ASC 606 than it would be under ASC 605, "Revenue Recognition," and the impact is expected to decline to roughly neutral within two years. Throughout fiscal 2019 transition year, actual results will be presented under both ASC 606 and ASC 605 revenue recognition rules. Synopsys is providing full year targets under ASC 606 together with comparable

numbers under ASC 605 for ease of comparison to prior periods. Additional details are available in the financial supplement on Synopsys' corporate website.

#### **Earnings Call Open to Investors**

Synopsys will hold a conference call for financial analysts and investors today at 2:00 p.m. Pacific Time. A live webcast of the call will be available on Synopsys' corporate website at www.synopsys.com. A recording of the call will be available by calling +1-800-475-6701 (+1-320-365-3844 for international callers), access code 466921, beginning at 4:00 p.m. Pacific Time today, until 11:59 p.m. Pacific Time on May 29, 2019. A webcast replay will also be available on the website from approximately 5:30 p.m. Pacific Time today through the time Synopsys announces its results for the third quarter of fiscal year 2019 in August 2019. Synopsys will post copies of the prepared remarks of Aart de Geus, chairman and co-chief executive officer, and Trac Pham, chief financial officer, on its website following today's call. In addition, Synopsys makes additional information available in a financial supplement and corporate overview presentation, also posted on the corporate website.

#### **Effectiveness of Information**

The targets included in this press release, the statements made during the earnings conference call and the information contained in the financial supplement and corporate overview presentation (available in the Investor Relations section of Synopsys' corporate website at <a href="https://www.synopsys.com">www.synopsys.com</a>) represent Synopsys' expectations and beliefs as of the date of this release only. Although this press release, copies of the prepared remarks of the co-chief executive officer and chief financial officer made during the call, the financial supplement, and the corporate overview presentation will remain available on Synopsys' website through the date of the third quarter of fiscal year 2019 earnings call in August 2019, their continued availability through such date does not mean that Synopsys is reaffirming or confirming their continued validity. Synopsys does not currently intend to report on its progress during the third quarter of fiscal year 2019 or comment to analysts or investors on, or otherwise update, the targets given in this release.

#### **Availability of Final Financial Statements**

Synopsys will include final financial statements for the second quarter of fiscal year 2019 in its quarterly report on Form 10-Q to be filed by June 13, 2019.

#### **About Synopsys**

Synopsys, Inc. (Nasdaq: SNPS) is the Silicon to Software<sup>™</sup> partner for innovative companies developing the electronic products and software applications we rely on every day. As the world's 15th largest software company, Synopsys has a long history of being a global leader in electronic design automation (EDA) and semiconductor IP and is also growing its leadership in software security and quality solutions. Whether you're a system-on-chip (SoC) designer creating advanced semiconductors, or a software developer writing applications that require the highest security and quality, Synopsys has the solutions needed to deliver innovative, high-

quality, secure products. Learn more at www.synopsys.com.

#### **GAAP to Non-GAAP Reconciliation**

Synopsys continues to provide all information required in accordance with GAAP but believes evaluating its ongoing operating results may not be as useful if an investor is limited to reviewing only GAAP financial measures. Accordingly, Synopsys presents non-GAAP financial measures in reporting its financial results to provide investors with an additional tool to evaluate Synopsys' operating results in a manner that focuses on what Synopsys believes to be its core business operations and what Synopsys uses to evaluate its business operations and for internal planning and forecasting purposes. Synopsys' management does not itself, nor does it suggest that investors should, consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Synopsys' management believes it is useful for itself and investors to review, as applicable, both GAAP information that includes: (i) the amortization of acquired intangible assets, (ii) the impact of stock compensation, (iii) acquisition-related costs, (iv) restructuring charges, (v) the effects of certain settlements, final judgments and loss contingencies related to legal proceedings, (vi) the various income tax impacts prompted by the Tax Cut and Jobs Act of 2017 enacted on December 22, 2017 ("U.S. Tax Reform"), including the income tax related to transition tax and the tax rate change, and (vii) the income tax effect of non-GAAP pre-tax adjustments; and the non-GAAP measures that exclude such information in order to assess the performance of Synopsys' business and for planning and forecasting in subsequent periods.

Synopsys utilizes a normalized annual non-GAAP tax rate in the calculation of its non-GAAP measures to provide better consistency across interim reporting periods by eliminating the effects of non-recurring and period-specific items such as tax audit settlements, which can vary in size and frequency and not necessarily reflect our normal operations, and to more clearly align our tax rate with our expected geographic earnings mix. In projecting this rate, we evaluate our historical and projected mix of U.S. and international profit before tax, excluding the impact of stock-based compensation, the amortization of purchased intangibles and other non-GAAP adjustments described above. We also consider other factors including our current tax structure, our existing tax positions, and expected recurring tax incentives, such as the U.S. federal research and development tax credit. On an annual basis we re-evaluate this rate for significant events that may materially affect our projections. We expect our annual non-GAAP tax rate to be 16% in fiscal 2019 based upon our projected normalized non-GAAP annual tax rate through fiscal 2021. We will re-evaluate this rate on an annual basis, but further regulatory guidance regarding specific parts of U.S. Tax Reform could materially change our projections. Notwithstanding the foregoing, we excluded from the normalized annual non-GAAP tax rate unusual and infrequent events, such as tax audit settlements and certain impacts of U.S. Tax Reform in fiscal 2018.

Whenever Synopsys uses a non-GAAP financial measure, it provides a reconciliation of the non-GAAP financial measure to the most closely applicable GAAP financial measure. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measure as detailed below, as well as Item 2.02 of the Current Report on Form 8-K filed on May 22, 2019 for additional information about the measures Synopsys uses to evaluate its core business operations.

#### **Forward-Looking Statements**

This press release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, including, but not limited to, financial targets for the third guarter and full fiscal year 2019, the comparative annual amounts under ASC 605, and GAAP to non-GAAP reconciliations of such targets, as well as statements related to our long-term revenue, non-GAAP EPS and non-GAAP operating margin objectives, the expected impact of ASC 606 on our results, and the expected impact of the recent U.S. government action on Synopsys' fiscal 2019 results. These statements involve known and unknown risks, uncertainties and other factors that could cause actual results to differ materially from those expressed or implied in our forward-looking statements. Accordingly, we caution stockholders and prospective investors not to place undue reliance on these statements. Such risks, uncertainties and factors include, but are not limited to: additional administrative, legislative or regulatory action by the U.S. or foreign governments, such as the imposition of additional tariffs or export restrictions, which could further interfere with our ability to provide products and services in certain countries; the response by current or potential customers and their willingness to purchase products and services from us in the future; uncertainty in the growth of the semiconductor and electronics industries; consolidation among our customers and our dependence on a relatively small number of large customers; uncertainty in the global economy; fluctuation of our operating results; increased variability in our revenue due to the adoption of ASC 606, including the resulting increase in recognizing upfront revenue as a percentage of total revenue; our highly competitive industries and our ability to meet our customers' demand for innovative technology at lower costs; risks and compliance obligations relating to the global nature of our operations; cybersecurity threats or other security breaches; our ability to protect our proprietary technology; our ability to realize the potential financial or strategic benefits of acquisitions we complete; our ability to carry out our new product and technology initiatives; investment of more resources in research and development than anticipated; increased risks resulting from an increase in sales of our hardware products, including increased variability in upfront revenue; changes in accounting principles or standards; changes in our effective tax rate; liquidity requirements in our U.S. operations; claims that our products infringe on third-party intellectual property rights; litigation; product errors or defects; the ability to obtain licenses to third-party software and intellectual property on reasonable terms or at all; the ability to timely recruit and retain senior management and key employees; the inherent limitations on the effectiveness of our controls and compliance programs; the impairment of our investment portfolio by the deterioration of capital markets; the accuracy of certain assumptions, judgments and estimates that affect amounts reported in our financial statements; and the impact of catastrophic events. More information on potential risks, uncertainties and other factors that could affect Synopsys' results is included in filings it makes with the Securities and Exchange Commission from time to time, including in the sections entitled "Risk Factors" in its Annual Report on Form 10-K for the fiscal year ended October 31, 2018 and its latest Quarterly Report on Form 10-Q. The information provided herein is as of May 22, 2019. Synopsys undertakes no duty, and does not intend, to update any forward-looking statement, whether as a result of new information, future events or otherwise, unless required by law.

<sup>(2)</sup> These segment results are consistent with the information required by ASC 280, Segment Reporting. They are presented to reflect the information that is considered by Synopsys' chief operating decision maker (CODM) to evaluate the operating performance of its segments. The CODM does not allocate certain operating expenses managed at a consolidated level to our reportable segments, and as a result, the reported operating income and operating margin do not include these unallocated expenses as shown in the table above. Amounts may not foot due to rounding.
