Synopsys to Host 11th Annual Codenomi-con USA at Black Hat

MOUNTAIN VIEW, Calif. and LAS VEGAS, July 24, 2019 PRNewswire/ -- Synopsys, Inc. (Nasdaq: SNPS) today announced it will host the 11th annual Codenomi-con USA, an exclusive cybersecurity thought leadership and networking event, on Tuesday, Aug. 6, during Black Hat USA in Las Vegas, Nevada.

Held at the Skyfall Lounge at the top of the Delano Hotel, Codenomi-con USA 2019 provides a forum for cybersecurity professionals to socialize and network with peers. The event will feature a DevSecOps panel discussion moderated by Chenxi Wang, managing general partner at Rain Capital, and a keynote presentation by Chris Roberts, chief security strategist at Attivo Networks and one of the world's foremost experts on counter threat intelligence.

Attendees will also have the chance to help Synopsys give back to the community. Synopsys will make a donation to the Code for every attendee who shares their information security inspirations on an interactive wall during the event.

Codenomi-con USA 2019 agenda:

5–6 p.m. – Registration and networking reception 6–6:10 p.m. – Welcome remarks 6:10–7 p.m. – DevSecOps panel discussion moderated byChenxi Wang 7–8 p.m. – Keynote presentation with Chris Roberts 8–10 p.m. – Networking party

Codenomi-con USA 2019 will take place at the Skyfall Lounge on the 64^h floor of the Delano Hotel inLas Vegas on Tuesday, Aug. 6, from 5–10 p.m. Space is limited. Please registerhere.

Synopsys at Black Hat 2019

Visit Booth 930 at Black Hat on Aug. 7–8 to learn how Synopsys products and services enable organizations to build secure, high-quality software faster. Booth visitors can enter a raffle for a chance to win a Nintendo Switch.

Tim Mackey, principal security strategist for the Synopsys Cybersecurity Research Center (CyRC), will give a presentation at Black Hat about the intersection of application security and privacy.

Session title: Privacy, Consent, Trust and Security in Modern Applications

Date: Wednesday, Aug. 7 **Time**: 12:40 p.m. PT

Location : Oceanside G, Mandalay Bay Conference Center

About the Synopsys Software Integrity Group

Synopsys Software Integrity Group helps development teams build secure, high-quality software, minimizing risks while maximizing speed and productivity. Synopsys, a recognized leader in application security, provides static analysis, software composition analysis, and dynamic analysis solutions that enable teams to quickly find and fix vulnerabilities and defects in proprietary code, open source components, and application behavior. With a combination of industry-leading tools, services, and expertise, only Synopsys helps organizations optimize security and quality in DevSecOps and throughout the software development life cycle.
