

Synopsys Replenishes Repurchase Authorization to \$500 Million

MOUNTAIN VIEW, Calif., June 19, 2020 /PRNewswire/ -- Synopsys, Inc. (Nasdaq: SNPS) today announced that its Board of Directors has replenished its existing stock repurchase authorization to \$500 million.

"The replenishment of our repurchase authorization reinforces our ongoing commitment to generate sustainable, long-term shareholder value," said Trac Pham, chief financial officer of Synopsys. "We continue to execute well on our strategy to balance strategic investments to grow the business, expand margins, and return capital to stockholders."

Synopsys' Board of Directors originally approved the stock repurchase program in 2002 and has periodically replenished the program as funds are spent. The program does not obligate Synopsys to acquire any particular amount of common stock, and the program may be suspended or terminated at any time at Synopsys' discretion.

About Synopsys

Synopsys, Inc. (Nasdaq: SNPS) is the Silicon to Software™ partner for innovative companies developing the electronic products and software applications we rely on every day. As the world's 15th largest software company, Synopsys has a long history of being a global leader in electronic design automation (EDA) and semiconductor IP and is also growing its leadership in software security and quality solutions. Whether you're a system-on-chip (SoC) designer creating advanced semiconductors, or a software developer writing applications that require the highest security and quality, Synopsys has the solutions needed to deliver innovative, high-quality, secure products. Safe Harbor for Forward-Looking Statements

This press release contains forward-looking statements, including statements related to the timing and extent of any stock repurchases, and our planned deployment of capital. Forward-looking statements are subject to both known and unknown risks and uncertainties that may cause actual results to differ materially from those expressed or implied. These risks and uncertainties include, among others: fluctuations in the market price of Synopsys common stock; our use of cash for other purposes; our ability to find suitable acquisition targets; the effect of the COVID-19 pandemic and the associated economic downturn on our business, operations and financial condition; and global and regional economic and market conditions, including their potential impact on the semiconductor and electronics industries and other risks of instability in the banking and financial services industry. Other risks and uncertainties that may apply are set forth in the Risk Factors section of Synopsys' most recently filed Quarterly Report on Form 10-Q. Synopsys assumes no obligation to update any forward-looking statement contained in this press release.
