"I'm honored to be named a CRN Channel Chief for the third year in a row," said Herrmann. "I believe this validates our strategy, the quality of our team, and our ability to execute hand-in-hand with our network of world-class partners. In the year ahead, we aim to increase our investment in MDF and joint demand generation with our partners. We will continue expanding our MSSP program with additional cloud offerings and we will reinforce our 'partner-first' approach to ensure profitability for our partners and the ease of doing business with Synopsys."
