

Synopsys Posts Financial Results for Fourth Quarter and Fiscal Year 2025

Results Summary

- Record full-year 2025 revenue of \$7.054 billion. Fourth-quarter revenue of \$2.255 billion, exceeding midpoint of guidance.
- Full-year and fourth-quarter non-GAAP earnings per diluted share (EPS) exceeded guidance.
- Expecting fiscal year 2026 revenue of \$9.610 billion at mid-point, including \$2.9 billion of expected Ansys revenue and reflecting the impact of approximately \$110 million of divested Optical Solutions Group and PowerArtist RTL businesses.

SUNNYVALE, Calif., Dec. 10, 2025 /PRNewswire/ -- Synopsys, Inc. (Nasdaq: SNPS) today reported results for its fourth quarter and fiscal year 2025. Revenue for the fourth quarter of fiscal year 2025 was \$2.255 billion, compared to \$1.636 billion for the fourth quarter of fiscal year 2024. Ansys contributed \$667.7 million in revenue for the fourth quarter of fiscal year 2025. Revenue for fiscal year 2025 was \$7.054 billion, an increase of approximately 15% from \$6.127 billion in fiscal year 2024. Ansys contributed \$756.6 million in revenue for fiscal year 2025.

"The Synopsys team delivered a solid finish to a year that redefined our company as the leader in engineering solutions from silicon to systems," said Sassine Ghazi, president and CEO of Synopsys. "We enter fiscal year 2026 with an intense focus on driving sustainable growth and margin expansion through continued innovation and disciplined execution."

"We finished the year with record revenue and strong backlog of \$11.4 billion dollars, which underscores the resilience of business," said Shelagh Glaser, CFO of Synopsys. "We expect to set another revenue record in 2026 while fully integrating Ansys, driving further operational efficiency, and capitalizing on our expanded opportunity."

GAAP Results

On a U.S. generally accepted accounting principles (GAAP) basis, net income for the fourth quarter of fiscal year 2025 was \$448.7 million, or \$2.39 per diluted share, compared to \$279.3 million, or \$1.79 per diluted share, for the fourth quarter of fiscal year 2024. GAAP net income for fiscal year 2025 was \$1.336 billion, or \$8.07 per diluted share, compared to \$1.442 billion, or \$9.25 per diluted share, for fiscal year 2024.

Non-GAAP Results

On a non-GAAP basis, net income for the fourth quarter of fiscal year 2025 was \$543.1 million, or \$2.90 per diluted share, compared to non-GAAP net income of \$529.9 million, or \$3.40 per diluted share, for the fourth quarter of fiscal year 2024. Non-GAAP net income for fiscal year 2025 was \$2.138 billion, or \$12.91 per diluted share, compared to non-GAAP net income of \$2.058 billion, or \$13.20 per diluted share, for fiscal year 2024.

For a reconciliation of net income, earnings per diluted share and other measures on a GAAP and non-GAAP basis, see "GAAP to Non-GAAP Reconciliation" in the accompanying tables below.

Business Segments

Synopsys reports revenue and operating income in two segments: (1) Design Automation, which includes our advanced silicon design, verification products and services, Ansys products, system integration products and services, digital, custom and field programmable gate array IC design software, verification software and hardware products, manufacturing software products and other; and (2) Design IP, which includes our interface, foundation, security, and embedded processor IP, IP subsystems, and IP implementation services.

Continuing Operations

On September 30, 2024, Synopsys completed the sale of its Software Integrity business. Unless otherwise noted, Synopsys' Software Integrity business has been presented as a discontinued operation in the Synopsys' consolidated financial statements for all periods presented herein and all financial results and targets are presented herein on a continuing operations basis.

Financial Targets

Synopsys also provided its consolidated financial targets for the first quarter and full fiscal year 2026. These targets also assume no further changes to export control restrictions or the current U.S. government "Entity List" restrictions. These targets constitute forward-looking statements and are based on current expectations. For a discussion of factors that could cause actual results to differ materially from these targets, see "Forward-Looking Statements" below.

Earnings Call Open to Investors

Synopsys will hold a conference call for financial analysts and investors today at 2:00 p.m. Pacific Time. A live webcast of the call will be available on Synopsys' corporate website at investor.synopsys.com. Synopsys uses its website as a tool to disclose important information about Synopsys and comply with its disclosure obligations under Regulation Fair Disclosure. A webcast replay will also be available on the corporate website from approximately 5:30 p.m. Pacific Time today through the time Synopsys announces its results for the first quarter of fiscal year 2026.

Effectiveness of Information

The targets included in this press release, the statements made during the earnings conference call, the information contained in the financial supplement and the corporate overview presentation, each of which are available on Synopsys' corporate website at www.synopsys.com (collectively, the "**Earnings Materials**"), represent Synopsys' expectations and beliefs as of December 10, 2025. Although these Earnings Materials will remain available on Synopsys' website through the date of the earnings call for the first quarter of fiscal year 2026, their continued availability through such date does not mean that Synopsys is reaffirming or confirming their continued validity. Synopsys undertakes no duty and does not intend to update any forward-looking statement, whether as a result of new information or future events, or otherwise update, the targets given in this press release unless required by law.

Availability of Final Financial Statements

Synopsys will include final financial statements for the fiscal year 2025 in its annual report on Form 10-K to be filed on or before December 30, 2025.

GAAP TO NON-GAAP TAX RATE RECONCILIATION⁽¹⁾

(Unaudited)

	Twelve Months Ended October 31, 2025
GAAP effective tax rate	4.0 %
Stock-based compensation	(1.3) %
Income tax adjustments ⁽²⁾	13.3 %
Non-GAAP effective tax rate	16.0 %

(1) Presented on a continuing operations basis.

(2) The tax adjustments are primarily due to the capital loss on the sale of Synopsys' ownership in OpenLight Photonics, Inc., the tax benefit from the release of valuation allowance on California research credits due to the Ansys Merger, the differences in the tax rate effect of certain deductions, such as the deduction for foreign-derived intangible income and credits, and the impact of discrete uncertain tax positions.

Forward-Looking Statements

This press release and the investor conference call contain forward-looking statements, including, but not limited to, statements concerning our short-term and long-term financial targets, expectations and objectives; our businesses, business segments, strategies, partnerships, initiatives and opportunities, including, among other things, the reallocation of resources in our Design IP segment to higher growth opportunities and planned restructuring activities; industry growth and technological trends; our market outlook; the macroeconomic environment and global economic conditions; the impact of current and future U.S. and foreign trade regulations, government actions and regulatory changes, such as export control restrictions and tariffs, including the anticipated impact of China export control restrictions; the Ansys integration and its expected impact, including expected synergies and the timing thereof and our ability to create joint solutions as a combined company; planned dispositions and their expected impact; our key customers, customer concentration, customer demand and market expansion; product development and our planned product releases and capabilities; the expected realization of our contracted but unsatisfied or partially unsatisfied performance obligations (backlog); planned stock repurchases; our expected tax rate; and the impact and result of pending legal, regulatory, administrative and tax proceedings. These statements involve risks, uncertainties and other factors that could cause our actual results, time frames or achievements to differ materially from those expressed or implied in such forward-looking statements. Such risks, uncertainties and factors include, but are not limited to: macroeconomic conditions and geopolitical uncertainty in the global economy; uncertainty in the growth of the semiconductor and electronics industries; the highly competitive industry we operate in; actions by the U.S. or foreign governments, such as the imposition of additional export restrictions or tariffs; consolidation among our customers and our dependence on a relatively small number of large customers; risks and compliance obligations relating to the global nature of our operations; failure to realize the benefits expected from our recent acquisition of ANSYS, Inc. (Ansys Merger) or unexpected difficulties or expenditures arising therefrom; risks related to inaccuracies in, or failures to achieve, our operational and business metrics or forecasts of growth; and more. Additional information on potential risks, uncertainties and other factors that could affect Synopsys' results is included in filings we make with the SEC from time to time, including in the sections entitled "Risk Factors" in our latest Annual Report on Form 10-K and in our latest Quarterly Report on Form 10-Q. The financial information contained in this press release should be read in conjunction with the consolidated financial statements and notes thereto included in Synopsys' most recent reports on Forms 10-K and 10-Q, each as may be amended from time to time. Synopsys' financial results for its fourth quarter and fiscal year 2025 are not necessarily indicative of Synopsys' operating results for any future periods. The information provided herein is as of December 10, 2025. Synopsys undertakes no duty to, and does not intend to, update any forward-looking statement, whether as a result of new information, future events or otherwise, unless required by law.

(1) Synopsys' fiscal year 2025 and 2024 ended on October 31, 2025 and November 2, 2024, respectively. For presentation purposes, we refer to the closest calendar month end. Fiscal year 2024 was a 53-week year, which included an extra week in the first quarter.

Synopsys provides segment information, namely revenue, adjusted segment operating income and adjusted segment operating margin, in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 280, Segment Reporting. Synopsys' chief operating decision maker ("CODM") is our Chief Executive Officer. In evaluating our business segments, the CODM considers the income and expenses that the CODM believes are directly related to those segments. The CODM does not allocate certain operating expenses managed at a consolidated level to our business segments and, as a result, the reported operating income and operating margin do not include these unallocated expenses as shown in the table below. These unallocated expenses are presented in the table below to provide a reconciliation of the total adjusted operating income from segments to our consolidated operating income from continuing operations:

(1) Synopsys manages the business on a long-term, annual basis, and considers quarterly fluctuations of revenue and profitability as normal elements of our business. Amounts may not foot due to rounding.

(2) Synopsys' fourth quarter of fiscal year 2025 and 2024 ended on October 31, 2025 and November 2, 2024, respectively. For presentation purposes, we refer to the closest calendar month end. Fiscal year 2024 was a 53-week year, which included an extra week in the first quarter.

(3) The adjustment includes non-GAAP expenses attributable to non-controlling interest and redeemable non-controlling interest.

(4) The adjustment excludes the amortization of bridge financing costs entered into in connection with the Ansys Merger that was recorded in interest expense, and certain divestiture related items that were recorded in other income (expense), net in our unaudited consolidated statements of income.

GAAP to Non-GAAP Reconciliation

Synopsys continues to provide all information required in accordance with GAAP but acknowledges evaluating its ongoing operating results may not be as useful if an investor is limited to reviewing only GAAP financial measures. Accordingly, Synopsys presents non-GAAP financial measures in reporting its financial results to provide investors with an additional tool to evaluate Synopsys' operating results in a manner that focuses on what Synopsys believes to be its core business operations and what Synopsys uses to evaluate its business operations and for internal budgeting and resource allocation purposes. This press release includes non-GAAP earnings per diluted share, non-GAAP net income and non-GAAP tax rate for the periods presented. It also includes future estimates for non-GAAP expenses, non-GAAP interest and other income (expense), non-GAAP tax rate, non-GAAP earnings per diluted share and free cash flow. These non-GAAP financial measures may be different from non-GAAP financial measures used by other companies.

When possible, Synopsys provides a reconciliation of non-GAAP financial measures to their most closely applicable GAAP financial measures. Synopsys is unable to provide a full reconciliation of certain first quarter and full fiscal year 2026 non-GAAP financial targets to the corresponding GAAP financial measures on a forward-looking basis because Synopsys believes that it would not be possible for it to have the required information necessary to quantitatively reconcile such measures with sufficient precision without unreasonable efforts due to, among other things, the potential variability and limited predictability of the excluded adjustment items necessary for a full reconciliation such as certain acquisition/divestiture related items, tax deduction variability, changes in the fair value of non-qualified deferred compensation plan, and gains (losses) on the sale of strategic investments. For the same reasons, Synopsys is unable to address the probable significance of the unavailable information.

Synopsys' management does not itself, nor does it suggest that investors should, consider such non-GAAP financial measures in isolation from, as superior to, or as a substitute for, financial information prepared in accordance with GAAP. These non-GAAP financial measures are meant to supplement, and be viewed in conjunction with, the corresponding GAAP financial measures. Synopsys' management believes presentation of non-GAAP financial measures, when shown in conjunction with the corresponding GAAP financial measures, provides useful information to investors allowing them to view financial and business trends relating to our financial condition and results of operations through the eyes of management. Synopsys' management evaluates and makes decisions about our business operations using both GAAP financial measures and non-GAAP financial measures to help facilitate internal comparisons to Synopsys' historical operating results and forecasted targets, planning and forecasting in subsequent periods and comparisons to competitors' operating results.

The following are descriptions of the adjustments made to reconcile non-GAAP financial measures (other than free cash flow, which is defined in the footnote to the *Financial Targets* table above) to the most directly comparable GAAP financial measures:

(i) *Amortization of acquired intangible assets.* We incur expenses from amortization of acquired intangible assets, which may include impairment charges from write-downs of acquired intangible assets. Acquired intangible assets include, among other things, core/developed technology, customer relationships, contract rights, trademarks and trade names, and other intangibles related to acquisitions. We amortize the intangible assets over their estimated useful lives. We do not enter into acquisitions on a predictable cycle. The amount of an acquisition's purchase price allocated to intangible assets and their estimated useful lives can vary significantly and are unique to each acquisition. From time to time, we incur impairment charges due to write-downs of acquired intangible assets. We believe that the presentation of non-GAAP financial measures that adjust for the amortization of intangible assets, including impairment charges, provides investors and others with a consistent basis for comparison across accounting periods. We also exclude this item because such expenses are non-cash in nature and we believe the non-GAAP financial measures excluding this item provide meaningful supplemental information regarding our core operational

performance and liquidity, and ability to invest in research and development and fund future acquisitions and capital expenditures.

(ii) *Stock-based compensation.* Stock-based compensation expenses consist primarily of expenses related to restricted stock units, stock options, employee stock purchase rights and other stock awards, including such expenses associated with acquisitions. We exclude stock-based compensation expense from our non-GAAP financial measures primarily because it is not an expense that typically requires or will require cash settlement by us. Further, the expense for the fair value of the stock-based instruments we utilize may bear little resemblance to the actual value realized upon the vesting or future exercise of the related stock-based awards and, therefore, is not used by management to assess the core profitability of our business operations.

(iii) *Acquisition/divestiture related items.* In connection with certain of our business combinations and/or divestitures, we incur significant expenses that we would not have otherwise incurred as part of our business operations. These expenses include, among other things, compensation expenses, professional fees and other direct expenses, concurrent restructuring activities and divestiture activities, including employee severance and other exit costs, bridge financing costs, costs related to integration activities, debt forgiveness, changes to the fair value of contingent consideration related to the acquired company, and amortization of the fair value difference of below-market value assets arising from arrangements entered into or acquired in conjunction with an acquisition. We also recognize the gains and losses from the mark-up of equity or cost method investments to fair value upon obtaining control through acquisition. We exclude these items because they are related to acquisitions and divestitures and have no direct correlation to the core operation of our business. Further, because we do not acquire or divest businesses on a predictable cycle and the terms of each transaction can vary significantly and are unique to each transaction, we believe it is useful to exclude such expenses when looking for a consistent basis for comparison across accounting periods.

(iv) *Restructuring charges.* We initiate restructuring activities to align our costs to our operating plans and business strategies based on then-current economic conditions, and such activities have a specific and defined term. Restructuring costs generally include severance and other termination benefits related to voluntary retirement programs, involuntary headcount reductions and facilities closures. Such restructuring costs include elimination of operational redundancy, permanent reductions in workforce and facilities closures and, therefore, are not considered by us to be a part of the core operation of our business and are not used by management when assessing the core profitability and performance of our business operations.

(v) *Gains (losses) on the sale of strategic investments.* We exclude gains and losses on the sale of equity investments in privately held companies because we do not believe they are reflective of our core business and operating results.

(vi) *Deferred compensation.* We exclude changes in the fair value of our non-qualified deferred compensation plan because we do not use these to assess the core profitability of our business operations.

(vii) *Income tax effect of non-GAAP pre-tax adjustments* Excluding the income tax effect of non-GAAP pre-tax adjustments from the provision for income taxes assists investors in understanding the tax provision associated with those adjustments and the effect on net income. Beginning in fiscal year 2026, we will transition from an annual non-GAAP tax rate to a three-year normalized non-GAAP tax rate. We believe this will provide better consistency across reporting periods by eliminating the effects of non-recurring and period-specific items, which can vary in size and frequency and do not necessarily reflect our normal operations. This rate is based on our projected annual rate through fiscal year 2028, primarily due to the completion of the acquisition of Ansys in the third quarter of fiscal year 2025 and the enactment of One Big Beautiful Bill Act (the "**OBBB**"), which affects taxable income starting in fiscal year 2026 over the next several years. In projecting this rate, we evaluated our historical and projected mix of U.S. and international profit before tax, excluding the impact of stock-based compensation, the amortization of purchased intangibles and other GAAP only adjustments described above. We also considered other factors including our current tax structure, U.S. tax law changes, such as OBBS which impacts Synopsys' expensing of the U.S. research expenditures commencing in fiscal year 2026, and changes to foreign derived intangible income commencing in fiscal year 2027.
