Synopsys Posts Financial Results for Second Quarter of Fiscal 2004

PRNewswire-FirstCall MOUNTAIN VIEW, Calif.

Synopsys, Inc. (NASDAQ: SNPS), the world leader in semiconductor design software, today reported results for its second quarter ended April 30, 2004.

For the second quarter of fiscal 2004, Synopsys reported revenue of \$294.6 million, a 1% increase over revenue of \$292.0 million for the second quarter of fiscal 2003. For the six-month period ended April 30, 2004, revenue was \$579.9 million, an increase of 4% over revenue of \$560.2 million for the same period in 2003.

GAAP Results

On a generally accepted accounting principles (GAAP) basis, for the second quarter of fiscal 2004, net income was \$28.7 million, or \$0.18 per share, compared to net income of \$22.3 million, or \$0.15 per share, for the second quarter of fiscal 2003. GAAP net income for the six-month period ended April 30, 2004 was \$60.9 million, or \$0.37 per share, compared to \$56.7 million, or \$0.37 per share, for the same period in 2003.

Non-GAAP Results

On a non-GAAP basis, net income was \$57.1 million, or \$0.35 per share, for the second quarter of fiscal 2004 compared to non-GAAP net income of \$61.2 million, or \$0.40 per share, for the second quarter of fiscal 2003. Non-GAAP net income for the six-month period ended April 30, 2004 was \$111.4 million, or \$0.68 per share, compared to \$113.7 million, or \$0.74 per share, for the same period in 2003.

Per share data for the periods presented reflects the Company's two-for- one stock split completed on September 23, 2003. GAAP and non-GAAP net income are reconciled under "GAAP Reconciliation" below.

"Recently, the overall spending environment for our solutions has firmed up," said Aart de Geus, Chairman and Chief Executive Officer of Synopsys. "Customers are moving more aggressively to smaller geometries and we are unveiling some remarkable new technology that cements our position as the industry leader. These trends should bode well for us for the remainder of the year."

Financial Outlook

Synopsys also announced its operating model targets for the third quarter of fiscal 2004 and revised targets for the full year. The following targets are forward-looking and based on current expectations. For a discussion of factors that could cause actual results to differ materially from these targets, see "Forward-Looking Statements" below.

Third Quarter of Fiscal 2004 Targets:

- -- Revenue: \$300 million \$320 million
- -- Non-GAAP expenses: \$220 million \$230 million
- -- Non-GAAP other income and expense: (\$2.0) million \$1.0 million
- -- Fully diluted outstanding shares: 158 million 166 million
- -- Tax rate applied in net income calculations: 31%
- -- Non-GAAP earnings: \$0.35 \$0.40 per share
- -- Upfront licenses as a percentage of product bookings: 30%, plus or minus 5%

Fiscal Year 2004 targets:

- -- Orders: \$1.4 billion
- -- Revenue: \$1.20 billion \$1.23 billion
- -- Non-GAAP earnings: \$1.37 \$1.47 per share
- -- Upfront licenses as a percentage of product bookings: 30%, plus or minus 5%

Effectiveness of Guidance

The targets set forth above represent Synopsys' expectations as of the date of this release only. Although this release will remain available on the Synopsys website, its continued availability does not indicate that Synopsys is reaffirming or confirming its continued validity. Synopsys does not currently intend to report on its progress during the third quarter of fiscal 2004 or comment to analysts or investors on, or otherwise update, such

targets until it releases its quarterly results in August 2004.

GAAP Reconciliation

Non-GAAP net income consists of GAAP net income excluding, as applicable, amortization of intangible assets and deferred stock compensation, in-process research and development charges, integration and other acquisition-related expenses (including, in the second quarter of fiscal 2004, the \$10.0 million fee paid to Monolithic System Technology, Inc. (MoSys) in connection with the termination of the acquisition agreement between Synopsys and MoSys in April 2004), facilities realignment charges and continuing amounts relating to Synopsys' workforce realignment announced in the fourth quarter of fiscal 2003. Intangible assets consist primarily of purchased technology, contract rights intangible, customer-installed base/relationships, trademarks and tradenames, covenants not to compete and customer backlog. Non-GAAP net income is reduced by the amount of additional taxes that Synopsys would accrue if it used non-GAAP results instead of GAAP results to calculate Synopsys' tax liability.

Synopsys' management evaluates and makes operating decisions primarily based on the bookings and revenues of its core software and services business operations and the direct, ongoing and recurring costs of those operations such as cost of revenues and research and development, sales and marketing and general and administrative expenses. Management does not believe amortization of intangible assets and deferred stock compensation, in-process research and development charges, integration and other acquisition-related expenses and workforce realignment charges are ordinary, ongoing and recurring operating charges for Synopsys' core software and services business operations. Therefore, management calculates the non-GAAP financial measures used in this earnings release excluding these charges and uses these non-GAAP financial measures to enable it to analyze better and more consistently the period-to- period financial performance of its core business operations. Management believes that, although it is important for investors to understand GAAP measures, providing investors with these non-GAAP measures gives investors additional important information to enable them to assess, in a way management assesses, Synopsys' current and future continuing operations.

Additional Financial Information Available on Synopsys Website

In connection with the issuance of this earnings release, Synopsys is making available to investors supplemental financial information, which can be found on Synopsys' website at http://www.synopsys.com/corporate/invest/finsupp/q204.pdf . Synopsys currently intends to provide this information on a quarterly basis.

Earnings Call Open to Investors

Synopsys will hold a conference call for financial analysts and investors today at 2:00 p.m., Pacific Time. A live webcast of the call will be available at Synopsys' corporate website at

http://www.synopsys.com/corporate/invest/invest.html . A recording of the call will be available by calling 1-888-276-9995 (612-332-0335 for international callers), access code 730804, beginning at 5:30 p.m. Pacific Time today. A webcast replay will also be available at http://www.synopsys.com/corporate/invest/invest.html from approximately 5:30 p.m. Pacific Time today through the time of the announcement of Synopsys' results for the third quarter of fiscal 2004 in August 2004. Finally, Synopsys will post copies of the prepared remarks of Aart de Geus, Chairman and Chief Executive Officer, and Steve Shevick, Chief Financial Officer, on its website at http://www.synopsys.com/corporate/invest/invest.html following the call.

About Synopsys

Synopsys, Inc. is the world leader in electronic design automation (EDA) software for semiconductor design. The company delivers technology-leading semiconductor design and verification platforms and IC manufacturing software products to the global electronics market, enabling the development and production of complex systems-on-chips (SoCs). Synopsys also provides intellectual property and design services to simplify the design process and accelerate time-to-market for its customers. Synopsys is headquartered in Mountain View, California and has offices in more than 60 locations throughout North America, Europe, Japan and Asia. Visit Synopsys online at http://www.synopsys.com/.

Forward-Looking Statements

The sections of this earnings release entitled "Financial Outlook" and "GAAP Reconciliation" contain forwardlooking statements within the meaning of the safe harbor provisions of Section 21E of the Securities Exchange Act of 1934. Actual results could differ materially from those described by these statements due to a number of factors, including but not limited to:

- -- weakness or continued budgetary caution in the semiconductor or electronic systems industries;
- -- lower-than-expected research and development spending by semiconductor and electronic systems companies;
- -- lower-than-anticipated purchases or delays in purchases of software or consulting services by Synopsys' customers;
- -- lower-than-anticipated new IC design starts;
- -- competition in the market for Synopsys' products and services;
- -- failure to continue to improve Synopsys' existing products;
- -- failure to successfully develop additional intellectual property blocks for its IP business or to develop and integrate its design for manufacturing products;
- -- difficulties in the ongoing integration of the products and operations of acquired companies or assets, including Numerical Technologies, Inc., Accelerant Networks, iRoC Technologies, and Analog Design Automation, into Synopsys' products and operations;
- -- unexpected changes in the mix of time-based licenses and upfront licenses;
- -- adverse variations from currently projected customer payment terms;
- -- downward pressure on maintenance orders, adversely affecting Synopsys' future level of service revenue; and
- -- an adverse outcome in the litigation between Synopsys and MoSys.

In addition, Synopsys' actual expenses and earnings per share on a GAAP basis for the third quarter of fiscal 2004 and actual earnings per share on a GAAP basis for the full-year fiscal 2004 could differ materially from the targets stated under "Financial Outlook" above for a number of reasons, including a determination by Synopsys that any portion of its intangible assets have become impaired, changes in deferred stock compensation expenses caused by employee terminations, and integration and other acquisition-related expenses, amortization of additional intangible assets and deferred stock compensation associated with additional acquisitions, if any.

For further discussion of these and other factors that may cause results to differ from those projected in this release, readers are referred to documents Synopsys has filed with the Securities and Exchange Commission, specifically the section contained in Part I, Item 2 of Synopsys' Quarterly Report on Form 10-Q for the first quarter of fiscal 2004 filed with the SEC on March 15, 2004 entitled "Factors That May Affect Future Results." Synopsys is under no obligation to (and expressly disclaims any such obligation to) update or alter these forward-looking statements whether as a result of new information, future events or otherwise.
