

# Synopsys Posts Financial Results for Third Quarter of Fiscal 2004

PRNewswire-FirstCall  
MOUNTAIN VIEW, Calif.

Synopsys, Inc. (NASDAQ: SNPS), the world leader in semiconductor design software, today reported results for its third quarter ended July 31, 2004.

For the third quarter of fiscal 2004, Synopsys reported revenue of \$281.7 million, a 6% decrease compared to revenue of \$300.4 million for the third quarter of fiscal 2003. For the nine-month period ended July 31, 2004, revenue was \$861.5 million compared to revenue of \$860.5 million for the same period in 2003.

## GAAP Results

On a generally accepted accounting principles (GAAP) basis, for the third quarter of fiscal 2004, net income was \$41.8 million, or \$0.26 per share, compared to net income of \$48.5 million, or \$0.30 per share, for the third quarter of fiscal 2003. GAAP net income for the nine-month period ended July 31, 2004 was \$102.7 million, or \$0.63 per share, compared to \$105.1 million, or \$0.67 per share, for the same period in fiscal 2003.

## Non-GAAP Results

On a non-GAAP basis, net income was \$53.2 million, or \$0.33 per share, for the third quarter of fiscal 2004 compared to non-GAAP net income of \$66.9 million, or \$0.41 per share, for the third quarter of fiscal 2003. Non-GAAP net income for the nine-month period ended July 31, 2004 was \$164.6 million, or \$1.01 per share, compared to \$180.5 million, or \$1.15 per share, for the same period in fiscal 2003.

A description of the items excluded from non-GAAP results and a reconciliation of GAAP and non-GAAP results are contained in the section entitled "GAAP Reconciliation" below. Per share data for the periods presented reflects Synopsys' two-for-one stock split completed on September 23, 2003.

## Third Quarter Business Environment

"Clearly, our third quarter was tough, mainly due to lower-than-expected bookings for upfront licenses, with several contracts being pushed out very late in the quarter," said Aart de Geus, chairman and chief executive officer. "In July, customers became markedly more cautious about extending existing commitments and spending cash, particularly impacting our upfront bookings, which under our model require front-loaded payment terms. Recent announcements in the industry of lower earnings and reduced forecasts suggest continued caution on customer spending. This caution, and the fact that we anticipate 2005 will be a relatively low renewal year for Synopsys, will reduce our bookings expectations for fiscal 2005.

"Against this backdrop, with new technology rolling out this year and accelerating in 2005, and with the advantage of a strong existing backlog, we have decided to move Synopsys immediately towards a maximally subscription-based license model," continued Dr. de Geus. "We believe this further transition offers the best opportunity to preserve the value of our new technology, aggressively pursue competitive displacements, decrease end-of-quarter uncertainty, and more flexibly offer customers complete, differentiated solutions to match their current needs. Moving away from upfront licenses will in the near-term lower our fourth quarter, fiscal 2004 and fiscal 2005 revenue expectations, but we believe it is the right action to put Synopsys on the strongest long-term footing."

## 2004 Financial Targets

Synopsys also announced its operating model targets for the fourth quarter of fiscal 2004 and revised targets for the full fiscal year. These targets reflect Synopsys' expectations of a shift in the mix of license revenues during the fourth quarter.

### Fourth Quarter of Fiscal 2004 Targets:

- \* Revenue: \$220 million - \$240 million
- \* Non-GAAP expenses: \$222 million - \$232 million
- \* Other income and expense: (\$1.5) million - \$1.5 million
- \* Fully diluted outstanding shares: 150 million - 158 million
- \* Tax rate applied in net income calculations: 31%
- \* Non-GAAP earnings: \$0.00 - \$0.04 per share
- \* Revenue from backlog: over 90% of revenue target

### Revised Fiscal 2004 Targets:

- \* Revenue: \$1.08 billion - \$1.1 billion
- \* Non-GAAP expenses: \$846 million - \$856 million
- \* Fully diluted outstanding shares: 158 million - 162 million
- \* Non-GAAP earnings: \$1.01 - \$1.05 per share

Synopsys' orders for the year are expected to be below its previous target of \$1.4 billion. Synopsys is not providing a new total orders target for fiscal 2004 or an updated target for upfront orders as a percentage of product orders for the year. Both of these metrics will be materially affected, more so than in other quarters, by the timing of completion of certain agreements currently being negotiated. Synopsys intends to report on its orders results for the year when it reports its fourth quarter results.

## Preliminary Fiscal 2005 Financial Targets

Synopsys' preliminary operating model targets for fiscal 2005 are as follows:

- \* Orders: approximately \$900 million
- \* Revenue: approximately \$940 million
- \* Non-GAAP earnings: \$0.28 - \$0.38 per share

The fourth quarter, full-year fiscal 2004 and preliminary fiscal 2005 financial targets constitute forward-looking information based on current expectations. For a discussion of factors that could cause actual results to differ materially from these targets, see the section entitled "Forward- Looking Statements" below.

## GAAP Reconciliation

Non-GAAP net income consists of GAAP net income excluding, to the extent incurred in a particular quarter, amortization of intangible assets and deferred stock compensation, in-process research and development charges, integration and other acquisition-related expenses and facilities and workforce realignment charges. Intangible assets consist primarily of purchased technology, contract rights intangible, customer-installed base/relationships, trademarks and tradenames, covenants not to compete and customer backlog. Non-GAAP net income is reduced by the amount of additional taxes that Synopsys would accrue if it used non-GAAP results instead of GAAP results to calculate Synopsys' tax liability.

Synopsys' management evaluates and makes operating decisions primarily based on the bookings and revenues of its core software and services business operations and the direct, ongoing and recurring costs of those operations such as cost of revenues and research and development, sales and marketing and general and administrative expenses. Management does not believe amortization of intangible assets and deferred

stock compensation, in-process research and development charges, integration and other acquisition-related expenses and facilities and workforce realignment charges are ordinary, ongoing and recurring operating charges for Synopsys' core software and services business operations. Therefore, management calculates the non-GAAP financial measures used in this earnings release excluding these charges and uses these non-GAAP financial measures to enable it to analyze further and more consistently the period-to-period financial performance of its core business operations. Management believes that, although it is important for investors to understand GAAP measures, providing investors with these non-GAAP measures gives them additional important information to enable them to assess, in a way management assesses, Synopsys' current and future continuing operations.

Additional Financial Information Available on Synopsys Website

In connection with the issuance of this earnings release, Synopsys is making available to investors supplemental financial information, which can be found on Synopsys' website at <http://www.synopsys.com/corporate/invest/finsupp/q304.pdf> . Synopsys currently intends to provide this information on a quarterly basis.

### Earnings Call Open to Investors

Synopsys will hold a conference call for financial analysts and investors today at 2:00 p.m., Pacific Time. A live webcast of the call will be available at Synopsys' corporate website at <http://www.synopsys.com/corporate/invest/invest.html> . A recording of the call will be available by calling 1-800-288-8976 (612-332-0226 for international callers), access code 741248, beginning at 5:30 p.m. Pacific Time today. A webcast replay will also be available at <http://www.synopsys.com/corporate/invest/invest.html> from approximately 5:30 p.m. Pacific Time today through the time of the announcement of Synopsys' results for the fourth quarter of fiscal 2004 in December 2004. Finally, Synopsys will post copies of the prepared remarks of Aart de Geus, Chairman and Chief Executive Officer, and Steve Shevick, Chief Financial Officer, on its website at <http://www.synopsys.com/corporate/invest/invest.html> following the call.

### Effectiveness of Information

The targets included in this release, the statements made during the earnings conference call and the information contained in the financial supplement represent Synopsys' expectations and beliefs as of the date of this release only. Although this release, copies of the prepared remarks of the CEO and CFO made during the call and the financial supplement will remain available on Synopsys' website through the date of the fourth quarter earnings call in December 2004, their continued availability through such date does not mean that Synopsys is reaffirming or confirming their continued validity. Synopsys does not currently intend to report on its progress during the fourth quarter of fiscal 2004 or comment to analysts or investors on, or otherwise update, the targets given in this earnings release until it releases such results in December 2004. Furthermore, Synopsys is under no obligation to (and expressly disclaims any such obligation to) update or alter any of the forward-looking statements made in this earnings release, the conference call or the financial supplement whether as a result of new information, future events or otherwise unless required by law.

### Availability of Final Financial Statements

Synopsys will include final financial statements for the third quarter of fiscal 2004 in its Quarterly Report on Form 10-Q to be filed in September 2004.

### About Synopsys

Synopsys, Inc. is the world leader in electronic design automation (EDA) software for semiconductor design. The company delivers technology-leading semiconductor design and verification platforms and IC manufacturing software products to the global electronics market, enabling the development and production of complex systems-on-chips (SoCs). Synopsys also provides intellectual property and design services to simplify the design process and accelerate time-to-market for its customers. Synopsys is headquartered in Mountain View, California and has offices in more than 60 locations throughout North America, Europe, Japan and Asia. ## Forward-Looking Statements

The statements made in this press release regarding projected or expected future events or financial results in the sections entitled "Third Quarter Business Environment", "Fiscal 2004 Financial Targets", "Preliminary Fiscal 2005 Financial Targets" and "GAAP Reconciliation" are forward-looking statements within the meaning of the safe harbor provisions of Section 21E of the Securities Exchange Act of 1934. Actual results could differ materially from those described by these statements due to a number of uncertainties, including but not limited to the risk of:

- \* continued weakness or continued budgetary caution in the semiconductor or electronic systems industries;
- \* lower-than-expected research and development spending by semiconductor and electronic systems companies;
- \* lower-than-anticipated purchases or delays in purchases of software or consulting services by Synopsys' customers, including delays in the renewal, or non-renewal, of Synopsys' license arrangements with major customers;
- \* unexpected changes in the mix of time-based licenses and upfront licenses;
- \* lower-than-expected bookings of licenses on which revenue is recognized upfront;
- \* lower-than-anticipated new IC design starts;
- \* competition in the market for Synopsys' products and services;
- \* failure to continue to improve Synopsys' existing products;
- \* failure to successfully develop additional intellectual property blocks for its IP business or to develop and integrate its design for manufacturing products;
- \* difficulties in the ongoing integration of the products and operations of acquired companies or assets into Synopsys' products and operations;
- \* adverse variations from currently projected customer payment terms; and
- \* downward pressure on maintenance orders, adversely affecting Synopsys' future level of service revenue.

In addition, Synopsys' actual expenses and earnings per share on a GAAP basis for the fourth quarter of fiscal 2004 and actual earnings per share on a GAAP basis for the full fiscal years 2004 and 2005 could differ materially from the targets stated under "Fiscal 2004 Financial Targets" and "Preliminary Fiscal 2005 Financial Targets" above for a number of reasons, including (i) a determination by Synopsys that any portion of its intangible assets have become impaired, (ii) changes in deferred stock compensation expenses caused by employee terminations, and (iii) integration and other acquisition-related expenses, amortization of additional intangible assets and deferred stock compensation associated with future acquisitions, if any.

For further discussion of these and other factors that may cause results to differ from those projected in this release, readers are referred to the reports Synopsys has filed with the Securities and Exchange Commission, and available at [www.sec.gov](http://www.sec.gov), specifically the section contained in Part I, Item 2 of Synopsys' Quarterly Report on Form 10-Q for the second quarter of fiscal 2004 filed with the Commission on June 10, 2004 entitled "Factors That May Affect Future Results."
